

**COMPOSITION FOR COATING KERATIN FIBRES, COMPRISING A HIGH DRY
EXTRACT THAT CONTAINS A SEQUENCED POLYMER**

ABSTRACT

The present disclosure relates to a composition for coating keratin fibers, wherein the composition contains, in a cosmetically acceptable medium, a block polymer and a styrene free block polymer. The composition has a dry matter or dry extract content of greater than or equal to 45% by weight. Further, the disclosure relates to the use of this composition in a makeup composition for keratin fibers, such as eyelashes.
